---

Looking for my grandmother, Emma Hannah North, born in 1891 at Maids Moreton I discovered that she, aged 20, she was a servant in Paulerspury. Others in the household are Sarah Amlin, Minnie Colton, Ella Harrison, John B Harrison, Rosamond Harrison and Sarah Hasper. Please, does anyone know anything about the Harrison family, where they lived, if they still have descendents in the village. I know that she then went to London to work for a Jewish Doctor and the 1901 census finds her back in Maids Moreton, married to Herbert Jones, with two small sons.

I would love to visit the house where she worked and to find out anything I can about the family.
